

**Dealing with  
Technological advancement**

**The Kingdom benefits**

*...The word of God is not chained.  
(2 Timothy 2:9)*

## **24-7 PRAYER FOR REVIVAL**

### **6-12 October 2025**

Amid rapid technological advancement, the hearts of people remain hungry for the truth that only Christ can give. The Gospel is timeless, but God is using modern tools to carry His Word to the ends of the earth. Scripture promises, *For the earth will be filled with the knowledge of the glory of the LORD, as the waters cover the sea.* (Habakkuk 2:14). Let us intercede for this generation that every innovation will serve to gather the harvest for His Kingdom.

Technology brings both advantages and disadvantages. Over the next two weeks, we will pray about both.

**Week 1:** We will focus on how technology can be used to advance the Kingdom of God—through online sermons, podcasts and other digital platforms.

**Week 2:** We will pray about the disadvantages, asking God to help us counter them with prayer, seek alternative solutions and gain His wisdom on how to overcome these challenges.

---

#### **MONDAY 6 OCTOBER 2025**

#### **ONLINE CHURCH SERVICES**

*"Go into all the world and preach the Gospel to every creature."* (Mark 16:15).

Through live streaming, churches now reach people worldwide. Even those in restricted nations who use virtual private networks and those confined at home by illness can hear the Gospel and worship together.

During the COVID-19 pandemic, countless churches used Facebook Live and YouTube to disciple believers and lead many to Christ.

#### **Let us pray**

- Thank the Lord for using live streaming to make His Word accessible to every nation and home.
- Praise Him for souls reached through online church services, who may never have entered a physical building.

## TUESDAY 7 OCTOBER 2025

### BIBLE APPS

*Your word I have hidden in my heart, that I might not sin against You. (Psalm 119:11).*

Smartphones and Bible apps allow instant access to Scripture and devotional reading plans.. Youth and adults alike can study, memorise and share verses daily.

The YouVersion Bible app has surpassed 500 million downloads, making God's Word more accessible than ever in multiple languages.

#### Let us pray

- Thank the Lord that His Word is now within reach in every moment, guiding hearts through apps and mobile tools.
- Give thanks to Him for testimonies of young people encountering Christ through devotionals and reading plans available through apps on their phones.

---

## WEDNESDAY 8 OCTOBER 2025

### AI FOR BIBLE TRANSLATION

*"This Gospel of the kingdom will be preached in all the world as a witness to all the nations and then the end will come." (Matthew 24:14).*

Artificial Intelligence (AI), the ability of machines or computer systems to perform tasks that normally require human intelligence, like learning, reasoning and problem-solving, is speeding up Bible translation into minority languages, helping missionaries bring Scripture to people groups who have never had it before.

Wycliffe Bible Translators now uses advanced AI software to accelerate translation projects, reaching unreached tribes with the Bible in their heart language faster.

#### Let us pray

- Thank the Lord for AI tools that help bring His Word to tribes and tongues still waiting for the Scriptures.
- Praise the Lord that the Gospel is spreading rapidly as technology helps to fulfil His Great Commission.

---

## THURSDAY 9 OCTOBER 2025

### SOCIAL MEDIA FOR EVANGELISM

*"You are the light of the world. A city that is set on a hill cannot be hidden." (Matthew 5:14).*

Social media is often spiritually dark, but God has redeemed it for His Kingdom. Believers now share testimonies, livestreams and Scriptures that reach millions.

Evangelists and ministries reach millions on TikTok, Instagram and YouTube with the Gospel.

#### Let us pray

- Thank the Lord that social media platforms have become pulpits where His Gospel is preached to countless souls.
- Give thanks to Him for using posts, testimonies and videos to bring His light into the digital marketplace.

## FRIDAY 10 OCTOBER 2025

### PODCASTING

*So then faith comes by hearing and hearing by the word of God. (Romans 10:17).*

Podcasts give Christians new ways to share teachings, testimonies and discipleship resources worldwide. Anyone with Internet access can listen anytime.

Christian podcasts, e.g. the *Ask Pastor John Podcast*, provide biblically rooted answers to everyday questions, guiding believers toward deeper faith, holiness and joy in Christ.

#### Let us pray

- Praise the Lord for the rise of Christian podcasts that teach truth and strengthen the faith of listeners everywhere.
- Give thanks to the Lord that His Word is reaching ears and hearts, even while people commute, exercise, or rest.

---

## SATURDAY 11 OCTOBER 2025

### VIRTUAL REALITY

*"For where two or three are gathered together in My name, I am there in the midst of them."*  
(Matthew 18:20).

Virtual reality is a special computer technology that makes you feel like you are inside another place. It creates spaces where people from different countries can meet together for worship, Bible study and learning about Jesus.

Churches use virtual platforms to reach people who would never attend traditional church services.

#### Let us pray

- Thank the Lord that new tools like virtual reality provide unique ways for fellowship, teaching and evangelism in His name.
- Give thanks to Him that even in digital spaces, His Spirit draws people to encounter the living Christ.

---

## SUNDAY 12 OCTOBER 2025

### MISSION TOOLS

*But do not forget to do good and to share, for with such sacrifices God is well pleased. (Hebrews 13:16).*

Technology supports humanitarian work, enabling missionaries to respond to disasters and share Christ's love. Apps help keep track of aid, share important information and connect people in times of crisis.

Mission organisations use drones and digital mapping to deliver aid and Bibles in disaster-hit or closed regions.

#### Let us pray

- Thank the Lord for technologies that allow His servants to meet physical needs while sharing spiritual hope.
- Praise the Father that every tool, from apps to drones, is being redeemed to serve the poor and advance His Kingdom.
